*“Enriching the lives of our youth
as we equip them for life,
using the game of golf.”*

Introduction:

WPMJGA is a Junior Golf Program that is celebrating 10 years community service. WPMJGA has been able to accomplish some incredible things starting from humble beginnings to being called "one of the best junior golf programs in the nation." The WPMJGA mission is simple:

"Equip young men and women with the skills necessary to succeed in life by using the game of golf as an instrument."

Golf and teaching the essence of the game has been the main focus of WPMJGA. Since the programs inception,

WPMJGA has had some extraordinary young men and women participate in the program. Over 130 participants

have spent at least one year in the program, many students return for multiple years. Over 98% of those have graduated high school and gone on to college or the military.

WPMJGA has provided scholarship assistance through out the years. Many of these students have not pursued golf in

college, however the values learned through golf have enabled them to be very successful in college and destined to

be productive citizens.

United Way:

As a result of the commitment to equip our young for the working world, WPMJGA was approved by the United Way Agency to become a United Way Agency Contributor Choice organization in 2003. This is a true accomplishment for the organization because it validates WPMJGA's commitment to be a community service program and not just a golf program. Please consider designating WPMJGA (**Contributor Choice Number 1319863**) as a viable option for your United Way donation.

Golf:

Nine new students between the ages 7 to 9 were introduced to the game in a nonthreatening manner as a new pilot program called TopFlight. TopFlight students learned to properly grip a golf club, the correct posture and alignment to hit a shot. It was amazing the enthusiasm in which these young men and women learned the rules of golf and etiquette in addition to recording and charting different drills in their practice book. They adapted early to accepting responsibility for their practice book and showed maturity beyond their years.

The WPMJGA main group consist of young men and women between the ages of 10 through 18. Instruction focuses on posture, grip and alignment. The same things taught to the TopFlight students, are emphasized with this group. Several of the participants in WPMJGA play for their high school golf team and/or in various types of tournaments. This led to subdividing into smaller groups based on skill level to enhance learning. This change enabled WPMJGA to have coaches concentrate on areas needing improvement along side kids of similar skill levels.

GolfWorks:

GolfWorks was incorporated into the WPMJGA program in 2001. GolfWorks, a component of WPMJGA that gets young men and women interim jobs local at country clubs. The types of jobs are: 1.) bag room attendant, 2.) Golf Course Superintendent assistant, 3.) jobs shadowing the General Manager, 4.) proshop assistant, 5.) working in the accounting department and 6.) in the restaurant. Over 30 young men and women have participated since the inception of the program. Two young men entered college in pursuit of becoming a PGA professional and one young lady is in college pursuing a degree in hospitality. Many other former participants are pursuing college degrees in other disciplines.

Scholarships:

WPMJGA has provided over \$25,000 in scholarships to participants that maintained membership in WPMJGA, graduated from high school and matriculated to college. Many of these students are not playing golf in college, but the lessons learned as a result of playing the game has strengthen their resolve to succeed. WPMJGA is very proud of the former students that made a decision to seek higher education. As a result, WPMJGA established a scholarship endowment to ensure that funds will be available for all young men and women that graduate high school and seek a college education. Funds from the Annual WPMJGA Golf Tournament are used to fund the WPMJGA scholarship endowment. WPMJGA recognizes the cost of education is on the rise and students need help financially to make it through college.

Annual Golf Tournament:

Each year the day after Labor Day, the Annual WPMJGA Golf Tournament is held at Southpointe Golf Club in Cannonsburg Pennsylvania. The tournament has become a very popular event in the area. Drawing participants from across the country to attend. Each year the format changes keeping the players interested and challenged. The tournament banquet is well attended by golfers and non-golfers alike. The money raised during the annual tournament goes to WPMJGA program activities and scholarship fund.

Academy Awards of Golf Gala (Black Tie Affair):

This event has become the premier event for honoring WPMJGA young men and women for their hard work through out the year. This is an inspiring event where participants are driven by limousines to the site, get to walk the red carpet and subsequently honored in an Academy Award style Black Tie setting. WPMJGA has hosted this inspirational event at Oakmont Country Club. The accomplishments of the students as well as those who continue to support WPMJGA are awarded with Oscars.

Support:

On behalf of West Penn Minority Junior Golf Association, Inc. (WPMJGA), the Board of Directors, the many participants and volunteers, we would like to thank everyone that has

supported WPMJGA. There are many paths that can be taken to motivate the Minority youth and youth in general in our region to pursue education and self-improvement. Some of those paths are traditional, while some are innovative. WPMJGA, a 501(c)(3) junior golf organization, focuses on using the game of golf as an instrument to educate our youth. As one of the most unique and valuable recreational resources for youth in our region we need your continued support. Donations are tax deductible.

Thank you,

Robert "Rock" Robinson
